Winding Up the Business of the Year.

THE NEW CITY GOVERNMENT.

LAST MEETING OF THE OLD BOARD OF ALDERMEN.

User di Treatment of the Civil Justice 'au'; Committees—Thanks and Adjournment.
Py insuant to adjournment the Board of Alderman
ser vened in the Aldermanic Chamber at noon ye sterday for the purpose of winding up as far as p/ acticable the business pending before the Board the members were all present save three—the weighty Senatorial representative, the patriarchal looking Pater from the Sixteenth ward and one other from down town. The clerks and attacnes were all on hand and looked as happy as "clams at bigs tide." The lobby was fairly represented by the ordinary "gang." and all seemed as if they expected to have some snug little douceur for their faithfulness in attending the meetings of the Board. When heur for meeting had arrived the president's gavel feil on the desk and in a moment all were ready for work. The usual preliminaries were specifiy disposed of, and a few papers were intro-duced and laid over. There were not enough pres-ent to pass any general orders, and, as it was desirable that the business, or some part of it, should be wound up, a motion was made that the sergeant-atarms should go out and "drum up" some more members. The motion was adopted, and the ser-geant-at-arms soon returned with the dilatory memfrom "down town." The general orders were taken up, and resolutions directing as follows were adopted:—To regulate, &c., 111th street, from the alevard to Eleventh avenue; to curb and flag. &c., Eighty-sixth street, from First avenue to the East river; to pave Seventy-fourth street, from Third avenue to avenue A, with Beigian pavement; to regulate, &c., First avenue, m 104th to 110th street, and sundry other resolutions in relation to erecting gas lamps, laying crosswalks, granting permission to construct crosswalks, &c., in various portions of the city, and to fill the sunken lots on Ninety-fourth street, between Tenth and Eleventh avenues. The resolution in relation to increasing the salary of the Civil Justices to the figure as that now paid to the Judges of the Court of Common Pleas was called up. There was however, an evident determined opposition to this by certain members, and as separate action on the

however, an evident determined opposition to this by certain members, and as separate action on the question was called for the motion was withdrawn. There was but one member of the newly elected justices present, and as he was "working" for the matter very lively he was evidently chagrined to find an opposition where he had not expected it. On motion of Alderman Moore it was decided that when the hour of three arrived the Board of Aldermen for 1860 should adjourn sine die, after which the Board took a recess until two P. M.

The same members were all in their places and the jobby was heavily augmented. Outside the railing the crowd was about the same, but inside were the Civil Justices in full force. They were looking after the expected increase in their salaries, and their presence was no doubt supposed to be of some influence in their favor. Before touching that interesting question, however, the Aldermen ordered the payment of \$350 to James Reilly, for the loss of a horse; directed the paying of Thirty-ninth street, from Broadway to Eighth avenue, with Belgian pavement; ordered the building of a buikhead, from Thirty-fifth to Thirty-second street, from Tenth to Eleventh avenue, with Belgian pavement, and ordering other matters of minor importance. The resolution which had been laid over from spring in relation to relieving the Astor Library from assertiment was called up, but on explanation by Alderma Tardy 11 was decided that the resolution conid not be adopted in the then present year, and so it was madefinitely postponed. Not a word about the Civil Justices' bill, and the Judges elect looked very glum. There had been canvassing and caucusing and whispering to the two addermen whose opposition seemed most obsimate (Aldermen O'Biren and Ward), and they were regarded as "the grout; twins." It was no dee, and as the fight was up hill—although one more vote might probably make matters "co-rect"—a recess was taken at haif-past two to quarter to three.

At the close of the recess business was again commenced. T

I the chamber and straining a late president and Board of Aldermen—We have een appointed a committee from the Assistant idermen to inform you that we are ready to receive any communication you may have to make, and only you of our readiness to adjourn sine die.

Alderman Coman said:—We thank you, gentlemen, and your courtest, and will communicate through a

noily you of our readiness to adjourn sine die.

Alderman Coman said:—We thank you, gentlemen, for your courtees, and will communicate through a committee to your board in a few minutes.

Thereupon the committee withdrew. The resolution in relation to the salaries of the Civil Justices was called up and there was a sudden and ominious luil. The "grouty twins" sat side by side and were looked apon by the civil gentlemen with "daggers" in their eves. The resolution went on, and—was lost. Alderman Miller moved that a committee of three be appointed to wait on the Mayor and inform him that the Board was ready to adjourn sine dee, and Alderman McQuade made a similar motion in regard to the Assistant Aldermen. Both motions were carried and the committee appointed consisted of Aldermen Miller, Ward and Connor, and Aldermen McQuade, Farley and Coulter. The committee returned and reported that they had discharged the duties devolving upon them, but that there were no further committee to the Board. On motion of Alderman Coulter all papers pending before the Board were laid on the table and the committees of the Board discharged from the consideration of all papers now before them. The Deputy Clerk, Mr. Twomey, then read the minutes, after which the President (Alderman Coman), thanking the members for their exhibition of kindness and good will evinced by them towards him, and wish, much the deviced the Board of Alderman Coman), thanking the members midvidually all prosperity in the fluture, declared the Board of Aldermen for Isog adjourned sine die.

THE NEW CITY GOVERNMENT.

The Boards and Courts as They Will Be-Th Makers and Administrators of the Law in

To-day the government of the city goes under the Afrection of an almost entirely new set of men-that as to say, the new Boards of Aldermen and Assistant Aldermen are, with few exceptions, entirely new men in their respective positions. Comment on the members individually is as yet somewhat out of order. But while the public is for the present undoubtedly regardless of the peculiar styles of the members of the new Common Council they might perhaps like to know, at least, their names, satisfied that they will all do as they are bid by the gentle men who gave them their places. The new Common Council which assumes possession of the Alder-

THE ORGANIZATION OF THE BOARDS

WIE take place on Monday at noon. In the Board of Aldermen there can be no doubt that Alderman Coman, who has, for two successive terms fined the onlice of president, will be called to the presidential chair for the third time. He has filled the post with firmness, dignity, impartially, generosity and courtesy, and has won the good opinion of all who have met him in his official capacity, so that his election (should be accept the nomination) is almost beyond peralventure.

In the Board of Assistant Aldermen the impression

universal satisfaction.

In regard to the clerks of the Boards it is almost safe to presume that the same gentlemen who now fill the important and working positions will be retained—hr. Joseph Shannon for the Board of Algebraic and Mr. W. H. Moloney for the Board of Assistent Aldermen.

Who will be chosen chairman it is difficult at present to say, atthough to-day, at nine A. M., it will be decided. Should Mr. Roche decine a renomination either Mr. Fox or Mr. Tweed will be nominated.
Mr. Fox, in the event of the choice lying between himself and the Grand Sachem or driving wheel of the barty in the county, will undoubtedly withdraw, so that the indomitable, effervescing and energetic william M. may be the next president of the Board. He has "been there" before, at least at times, and can keep up his end of the plank in good style, a fact which undoubtedly should need not now be told to anybody.

In the Marine Court there are no changes, and matters will, of course, go on as usual.

In most of the courts there will be some changes among the clerks and assistants, but these changes have not yet been determined.

He has appointed as administration clerk A. W. Olliver, who now holds the position under Mr. Tucker. He has reappointed as general clerk William W. The courts will be formally, and yet but mominally, opened to-day, but what general or special arrangements different to those in existence will be made cannot be determined until some time next week.

CITY CHAMBERLAIN'S OFFICE.

The Interest on the Public Moneys. Since the advent of Mr. Peter B. Sweeny to the office of City Chamberlain and County Treasurer he

has saved to the city and county coffers an amount which demonstrates beyond a doubt the fact that he, unlike most political office holders, regards the in-terest of the public moneys as being of as much interest to the public as many other items, and as terest to the public as many other items, and as being also an amount which, although legally his in his capacity as custodian of the public moneys, might, could and should be applied to the allevation of the burdens of which the taxpayers complain, and which have been, in most cases, wrongfully placed to the charge of the party of which Mr. Sweeny is the recognized "nead centre."

During the past year he has returned into the treasury of the city and county, after paying the current expenses of the Chamberlain's office, the following amounts:—

THE SPEAKERSHIP OF THE ASSEMBLY.

Meeting of the Brooklyn Democracy-John C. Jacobs Urged for the Speakership of the

Assembly.
A special meeting of the Kings County Democratic General Committee was held last night at their rooms, No. 9 Court street. Mr. Craig (the chairman stated that they had been called together for the purpose of endorsing the recent action of the Assembly delegation of the county in their resolution pressing the claims of Mr. John C. Jacobs for the peakership of the House. His record as a democ was second to none, and it was due to Kings county that the honor of the Speakership should be given to

that the honor of the Speakership should be given to him.

Mr. Robbert Fürey said that in view of the fact that the General Committee had been called together to take some official action in bringing about the nomination of John C. Jacobs as Speaker, he moved that a committee of twenty-one be appointed by the chair to proceed to Albany to urge by all honorable means the election of Mr. Jacobs as Speaker of the Assembly of the State of New York. The motion was adopted, and the following named gentlemen were appointed as such committee:—James B. Craig, General Siocum, John G. Schumaker, General Homas S. Daken, James Murphy, George G. Herman, Horace Holt, Joseph Howell, Jr.: H. M. Barnes, James McCauley, John Pyburn, Jacob I. Bergen, William C. Kingsley, James Carooy, Dr. Joseph Creamer, Dr. Thomas P. Norris, P. Ennis, Charles Miller, John S. Bogart, E. A. Kallmeyer, David C. Altken and John Heath.

The committee then adjourned.

THE RECENT FILE ROBBERY.

A New Year's Hint to Police Headquarters. Yesterday morning Mr. Twomey, 80 Beekman street, accompanied by Detective Tilley, applied to Judge Hogan for an order for the restoration of \$2,500 worth of files which had been stolen from the premises of Mr. Twomey and found in the possession of a man who was convicted of the robbery.

The Judge ordered the files to be given up to the owner at the time of the committal. On Mr. Twomey applying to the property clerk at headquarters ne was applying of the property cierk at headquarters as was told that he could not have the files without an order from the Judge. Judge Hogan refused to give this order and said that there seemed to be every obstacle thrown in the way of respectable people by the officials at headquarters. Thieves and gamblers had no trouble in getting their property, and Mr. Barrett, the property clerk, knew very well that there was no need of any order in this case. Officials at 300 Mulberry street seemed to think that everybody was at their beek and call, and he certainly would not be told what he must do by any of the understrappers at Police Headquarters. If the applicant's property had sustained any damage, he would suggest that he sue the police authorities.

In connection with the original report of this robbery it was stated that Mr. W. F. Bright, of 159 South street, had purchased the files from the thieves at a reduced rate, which must have shown to him that the probability was that they were stolen. Mr. Bright denies that the rate was below the average market price for goods of the quality of that stolen, and, therefore, denies that from that or any other cause could he assume that they were not the law-ful property of the persons who disposed of them to him. told that he could not have the files without an order

THE NEW RAILWAY WAR.

The Atlantic and Great Western Railway Company to Be Would Up-Suit Against the Company.

A suit has been brought in the Supreme Court by the people of the State of New York against the Atlantic and Great Western Railway, under the statute which provides for the dissolution of insolvent corporations. It is alleged that the corporation had been insolvent and had neglected and refused the payment of its notes and debts for over a year; that the liabilities of the company are many millions of dollars, and that all of its assets are insufficient to pay the same. A motion was heard yesterday in the suit at Special Term to appoint a receiver to wind up its affairs, as provided by statute, which motion was opposed by the company's counsel, Messrs. Abbett & Fuller, of this city, who insisted on an adjournment on account of the shortness of the notice. The Court refused to adjourn the hearing, stating that it was not a proper case for adjournment, the Court having judicial knowledge of the utter and hopeless insolvency of the company. Several technical objections were also unavailingly urred by the counsel for the company, and the case was then argued on its merits by S. H. Hammond, Deputy Attorney General, for the motion, and W. J. A. Fuller in opposition thereto. At the conclusion of the argument the Court took the papers and subsequently granted the motion and appointed Addison G. Rice receiver.

S. H. Hammond and W. H. Morgan for the people, Abbett & Pelier for the sombany. the payment of its notes and debts for over a year;
